

## PUBLIC NOTICE

### UPWARD REVIEW OF TRANSACTIONAL LIMITS

The Reserve Bank of Zimbabwe wishes to advise the public that transactional limits for payments made via mobile money and electronic funds transfer platforms have been reviewed upwards to further support the payment for goods and services in ZiG.

To reflect the movements in the official rate, the transactional limits have been reviewed as follows:

**Table 1: Mobile Money Transactional Limits Based on Exchange Rate Movement**

| TRANSACTIONAL LIMITS ON THE MOBILE PLATFORM |                                          |                                    |                                           |                                     |
|---------------------------------------------|------------------------------------------|------------------------------------|-------------------------------------------|-------------------------------------|
| <i>Type of Transfer/Payment</i>             | <i>Current Transactional Limit (ZiG)</i> | <i>Current Monthly Limit (ZiG)</i> | <i>Reviewed Transactional Limit (ZiG)</i> | <i>Reviewed Monthly Limit (ZiG)</i> |
| Person to Person (P2P)                      | 2,400                                    | 8,000                              | 4,800                                     | 16,000                              |
| Person to Business (P2B)                    | 2,400                                    | 8,000                              | 4,800                                     | 16,000                              |
| ZIPIT                                       | 2,400                                    | 8,000                              | 4,800                                     | 16,000                              |
